Kachemak Saltery & Canning Co.,
605 Pioneer Building,
Seattle, Wash.

Gentlemen:

Some time ago the Bureau received a communication from your Anchorage office advising as follows:

"Please send to the Seattle office 605 Pioneer Building for what information you want about the fish pack."

Yours truly,

K. S. & C. Co.

Presumably that letter was sent out by Mr. Herron. Immediately upon its receipt, blanks for a statistical report such as is required by law (Section 266, Compiled Laws of Alaska) were mailed to your office at 605 Pioneer Building, Seattle, similar blanks having been placed previously in the hands of Mr. Herron at Anchorage, Alaska. No report has been received from either office.

The Bureau hopes that you will find it convenient to submit the desired reports, a separate one for each saltery operated, without waiting for Mr. Herron's arrival at Seattle, and that you will appreciate the urgency of this request, and the importance of early action.

Very truly yours,

H. M. Smith.

Commissioner.
